Favorable consideration of this application is respectfully requested. This amendment response is a supplemental response to the amendments and arguments filed on April 25, 2006.

In response to the communication mailed July 24, 2006, Applicant has corrected the listing of claim 24 to read as claim 23. It is noted that claim 23 is a combination of former independent claim 1 and claim 8. Applicant notes that new claim 23 includes allowable subject matter that Examiner Cassandra Davis indicated as being allowable in the office action mailed January 25, 2006. Thus, new claim 23 is also readable on Group 1 drawn to figures 1-24 that was elected by the election response filed April 25, 2005.

In view of the foregoing considerations and in view of the amendment and arguments filed January 25, 2006, it is respectfully urged that claims 1, 4-8 and 21-23 be allowed. Such action is respectfully requested. Applicant requests that Examiner Cassandra Davis telephone applicant's representative at the below listed number if this response does not place the subject invention in condition for allowance.

Respectfully Submitted;
